### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art made of record neither discloses nor suggests an apparatus for controlling an output current delivered to a load having, *inter alia*, a temperature compensated reference current generator circuit coupled to a fourth node wherein said generator circuit is arranged to dynamically adjust the reference current such that the output current is stabilized with respect to an operating temperature of the apparatus. Alternatively, the prior art of record fails to disclose or suggest an apparatus for providing a reference current to a resistor having, *inter alia*, an equation circuit as claimed in claim 19.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
